WHY IS NO ONE TALKING ABOUT IT?

THE IMPACT OF NARCAN TRAINING TO SAVE A LIFE

NARCAN is a lifesaving nasal spray medication that is designed to rapidly reverse an opioid overdose. We are thankful for the opportunity to offer a free training session to the community. After successfully completing the training, participants will have the opportunity to *take Narcan home with them.**

WEDNESDAY MAY 1, 2024 **6:30-7:30PM (Q&A AFTER)** **MARLBOROUGH HOSPITAL**
Leahy Conference Room
157 Union Street
Marlborough, MA

NARCAN TRAINERS

Brittany Chapman
Senior Clinical Research Coordinator at The Division of Forensic Toxicology and Associate Director of the Overdose Prevention Fund

Brian Rettger
Paramedic from WEMS and Paramedic Opioid Specialist

The Marlborough Board of Health

YOUR QUESTIONS ANSWERED

Before the training there will be a brief NARCAN presentation. Questions are welcome after the presentation and during the training.

**In order to be eligible to receive the free Narcan nasal spray medication, participants must complete the full training session and provide a valid ID.*

<input type="checkbox"/> Heart health	<input type="checkbox"/> Other: _____

If you'd like to be notified about future programs/events, please provide your email: _____

Post-Event Survey

Most opioid emergencies happen at home and in front of a loved one, and around 91% of opioid related deaths were found to be accidental.
